
E128-211-001 Power supply

E128-211-001 Specification:

Input Voltage = +18V to +36V, 1.75A Max

Output Voltages = +5V, 1.5A
+15V, 500mA
-15V, 500mA

Overall Dimensions:

PCB = 100 x 160mm (single Eurocard)

Front Panel = 3U x 7HP

Connector = DIN41612 C (3 row body) 64-way a/c plug

Mating Connector = DIN41612 C (3 row body) 64-way a/c socket

Connector pin-out:

20a + 20c +24V dc input

24a + 24c power ground

28a + 28c +15V dc output

30a + 30c -15V dc output

32a + 32c +5V dc output

24a + 24c power ground

22a + 22c signal ground (low noise ground)
