

# 6.62" Diameter Electrical Slip Ring

Model 159

Focal Technologies Corporation, a Moog Inc. company, has over 30 years of expertise in supplying standard and custom marine products for harsh environments and is a leading manufacturer of high performance and high quality swivels. Contact Focal for assistance in selecting the best solution for your requirements.

The Model 159 is the solution for higher current applications. Designed to accommodate up to 1000 amps total current, the Model 159 can be customized to fit specific requirements. Incorporating both power and signal transfer into a single unit provides the needed versatility for marine, industrial, and defense applications.

## Features

- Stainless steel housing for rugged environments
- Slip ring design provides sealing to IP66 requirements
- Can accommodate a variety of wire and cable types
- Power and signal transfer integrated into a single unit

## Benefits

- Each unit is designed, manufactured, and tested in accordance with the highest quality standards
- Maintenance free operation
- Proven, reliable, long life performance
- Integration with fiber optic rotary joints and fluid rotary unions to provide a complete rotating interface solution

## Applications

- Winches
- Remotely Operated Vehicles (ROV)
- FPSO swivel stacks
