Re: End-of-life Program

Dear Customer,

The end-of-life program announced in 2008 is coming to an end.

In order to meet your requested quantities and expected delivery dates, we invite you to take note of the following deadlines and plan your orders accordingly.

Please keep in mind that the products availability cannot be guaranteed after the final date for last purchase. In addition, be aware that the replacement of the product, although ensured in most cases, could lead to significant changes in the architecture of your machine.

End-of-life product	Final date for last purchase order	Final date for last delivery of product	Date of last repair and supply of spare parts	Recommended replacement product
BRM	January 31, 2014	December 31, 2014	December 31, 2016	DM2020
BRD	January 31, 2014	December 31, 2014	December 31, 2016	DS2000
DBM 03/033/04	January 31, 2014	December 31, 2014	December 31, 2016	DM2020
DBS	January 31, 2014	December 31, 2014	December 31, 2016	DS2000
PDBS	January 31, 2014	December 31, 2014	December 31, 2016	DACS
DMA/DSA/ DMM	March 31, 2014	December 31, 2014	December 31, 2016	None
Fastact N	January 31, 2014	April 30, 2014	April 30, 2016	Fastact T /
FAE N				Fastact H
Fastact Y	January 31, 2014	April 30, 2014	April 30, 2016	Fastact H

For all orders issued within the prescribed period, the selling price will not change from the current price list. For orders received after the allowed deadline, or at least no later than the final date for last delivery, the price increase will be significant.

For orders received before December 31<sup>st</sup> 2013, packing will be free of charge. Starting January 1<sup>st</sup> 2014, packing will be charged at 1.5% of the total amount of the order (with a minimum fee of 50 €).

We remind you that our Application Dept. is, as always, available to evaluate with you the finest migration plan from the end-of-life product to the recommended replacement, in order to ensure the best upgrade for your machine.

Should you have any questions or should you need further information, please do not hesitate to contact us. Thanking you for your attention, we send you our best regards.
