PRODUCT CHANGE NOTIFICATION

Title: Model 914 Product Line Changes
Product: 914 R/C, 914 EIB, 914-AIB
Date Issued: 2023-07-07
Reference: PCN-0024

Description:

Component obsolescence has affected several of our initially developed Model 914 products, and the scarcity and unavailability of these components requires us to discontinue several of the boards that were the very first Model 914s to be developed. These products have been in production for 15 to 20 years, which is a long time in the electronic components' lifecycle. During that time, more modern products within the Model 914 family have been developed that supersede the functionality of the discontinued parts. The table below shows a list of affected parts along with their recommended replacements.

Part Numbers Affected:

Discontinued Product ID	Discontinued Part Number	Recommended Replacement	Form, Fit, Function Replacement
914 R	914-0001-xx	907 E 914-HDE + 914-VDX	Function Function
	914-0003-xx		
	914-0022-xx		
914 C	914-0002-xx	907 E 914-HDE + 914-VDX	Function Function
	914-0004-xx		
914 EIB	914-0202-xx	914-EX	Function
914 AIB	914-0201-xx	914-AX	Function

Effectivity: 2023-07-07

Customer Impact:

Most replacements are not full Form, Fit, and Function drop in replacements; please work with Moog Focal or your local sales representative on to identify the best replacement and the design changes required to accommodate the update.

Moog Focal remains committed to multiplexer products and is actively maintaining and developing products to support our customers for decades to come.

Model 907 and 914 products continue as active product families, the following parts are recommended for new designs:

907 Active Parts	914 Active Parts
907 V	914-GBE
907 PLUS	914-HDE
907 GEM	914-EX
907 DIAG-E	914-VDX
907 SER	914-DX
907 AIB	914-AX
907 FLEX	914-HDV2
907 FOS	914-FOS
907 SPLIT	914-SPLIT
907 CWDM	914-CWDM
907 DCDC	914-DCDC

A limited number of discontinued legacy components are available for spares and repairs. Please contact Moog Focal if additional information or technical support is required.
