NO FOOD Alarm

If re-priming of the pump delivery set is required, it is advisable to disconnect the enteral adapter from the patient's feeding tube while re-priming.

1. Is bag of pump delivery set empty?  
   - YES: Refill bag, re-prime delivery set, and resume feeding.
   - NO: Re-priming is required.

2. Is air present in the tubing?  
   - YES: Has all air been removed from bag of pump delivery set?
     - IF YES: Let formula sit for 10-15 minutes before preparing pump delivery set for feeding. If foam is present in tubing, flush by priming pump delivery set either manually or with the pump and resume feeding.
     - IF NO: Remove tubing from pump and manually prime tubing by turning bag upside down, gently squeezing lower half of bag while pinching the teal colored tubing just below the drop symbol. Hold this position until all air has passed through the teal segment of tubing.

3. Is formula blended or aggressively mixed?  
   - YES: Let formula sit for 10 - 15 minutes before preparing pump delivery set for feeding. If foam is present in tubing, flush by priming pump delivery set either manually or with the pump and resume feeding.
   - NO: Remove tubing from pump and manually prime tubing by turning bag upside down, gently squeezing lower half of bag while pinching the teal colored tubing just below the drop symbol. Hold this position until all air has passed through the teal segment of tubing.

4. Are air bubbles trapped inside the cassette?  
   - YES: If alarm continues, contact ZEVEX Customer Service (800) 970-2337 for assistance.
   - NO: If alarm continues, contact ZEVEX Customer Service (800) 970-2337 for assistance.

ERRA, ERRD, or ERRF Alarms

1. Was pump door open while pump was turned on or while running?  
   - YES/UNSURE: Turn pump off. Unload and reload delivery set cassette. Make sure door is closed securely, then turn pump back on.
   - NO: If alarm continues, contact ZEVEX Customer Service (800) 970-2337 for assistance.

LOAD SET Alarm

1. Is door closed securely?  
   - NO/UNSURE: Turn pump off. Unload and reload delivery set cassette. Make sure door is closed securely. Turn pump back on.
   - YES: Contact ZEVEX Customer Service (800) 970-2337 to receive a new door.

2. Is door cracked or tab on inside of door broken?  
   - YES: Contact ZEVEX Customer Service (800) 970-2337 to receive a new door.
   - NO: Contact ZEVEX Customer Service (800) 970-2337 for assistance.
NO FLOW IN or NO FLOW OUT Alarms

1. Is delivery set tubing pinched, kinked, or clogged? YES
   Check delivery set for obstructions or kinks in tubing. Correct blockage and resume feeding.
   NO

2. Is tab on inside of door broken? YES
   Contact ZEVEX Customer Service (800) 970-2337 to receive a new door.
   NO

3. Is pressure sensor region of cassette receptacle clean? NO
   Clean pressure sensor area with a cotton swab, soft cloth or dampened sponge, or wash entire pump under running water. Do not use abrasive materials or harsh chemicals.
   YES

4. Are there visible signs of damage to pressure sensors area? NO
   Disconnect from patient and fill a new delivery set with food. Prime set and start pump. If alarm continues, contact ZEVEX Customer Service (800) 970-2337 for assistance.
   YES

→ Charging Problems

1. Is A/C adapter charger plugged into wall outlet and pump properly? NO/UNSURE
   Check connections for both wall plug and pump adapter. Green indicator light on charger wall plug should be illuminated and pump display should have plug symbol with scrolling bars between E and F of fuel gauge. When pump is fully charged, bars will stop scrolling.
   YES

2. Is wall outlet functioning properly? NO/UNSURE
   Plug another device into outlet to verify outlet is functioning properly.
   YES

3. Does the charger adapter appear to have any damage? YES
   Contact ZEVEX Customer Service (800) 970-2337 to receive a new charger.
   NO

4. Does the charger port appear to have any damage including bent or missing pins? YES
   Contact ZEVEX Customer Service (800) 970-2337 to return pump for service.
   NO

5. Is Battery Symbol and E and F of fuel gauge flashing? YES
   Contact ZEVEX Customer Service (800) 970-2337 to return pump for service.
   NO

If condition continues, contact ZEVEX Customer Service (800) 970-2337 to return pump for service.
